President Xi Jinping. [Xinhua]

On September 1, President Xi Jinping proposed the Global Governance Initiative (GGI) at the "Shanghai Cooperation Organisation Plus" meeting, calling for building a more just and equitable global governance system and working together for a community with a shared future for humanity. This year marks the 80th anniversary of the victory of the World Anti-Fascist War and the founding of the United Nations. In this special historical year of taking stock of the past and envisioning the future, the President solemnly proposed the

How could we be expected to go to South Africa for the very important G20 Meeting when Land Confiscation and Genocide is the primary topic of conversation? They are taking the land of white Farmers, and then killing them and their families. The Media refuses to report on this. The United States has held back all contributions to South Africa. Is this where we want to be for the G20? I don't think so!

Moscow, Russia | Xinhua | The second phase of Russia's special military operation in Ukraine has begun, Russian Foreign Minister Sergei Lavrov said Tuesday.

The operation in eastern Ukraine is aimed at "completely liberating" the populations of Donetsk and Lugansk, Lavrov said during an interview with India Today.

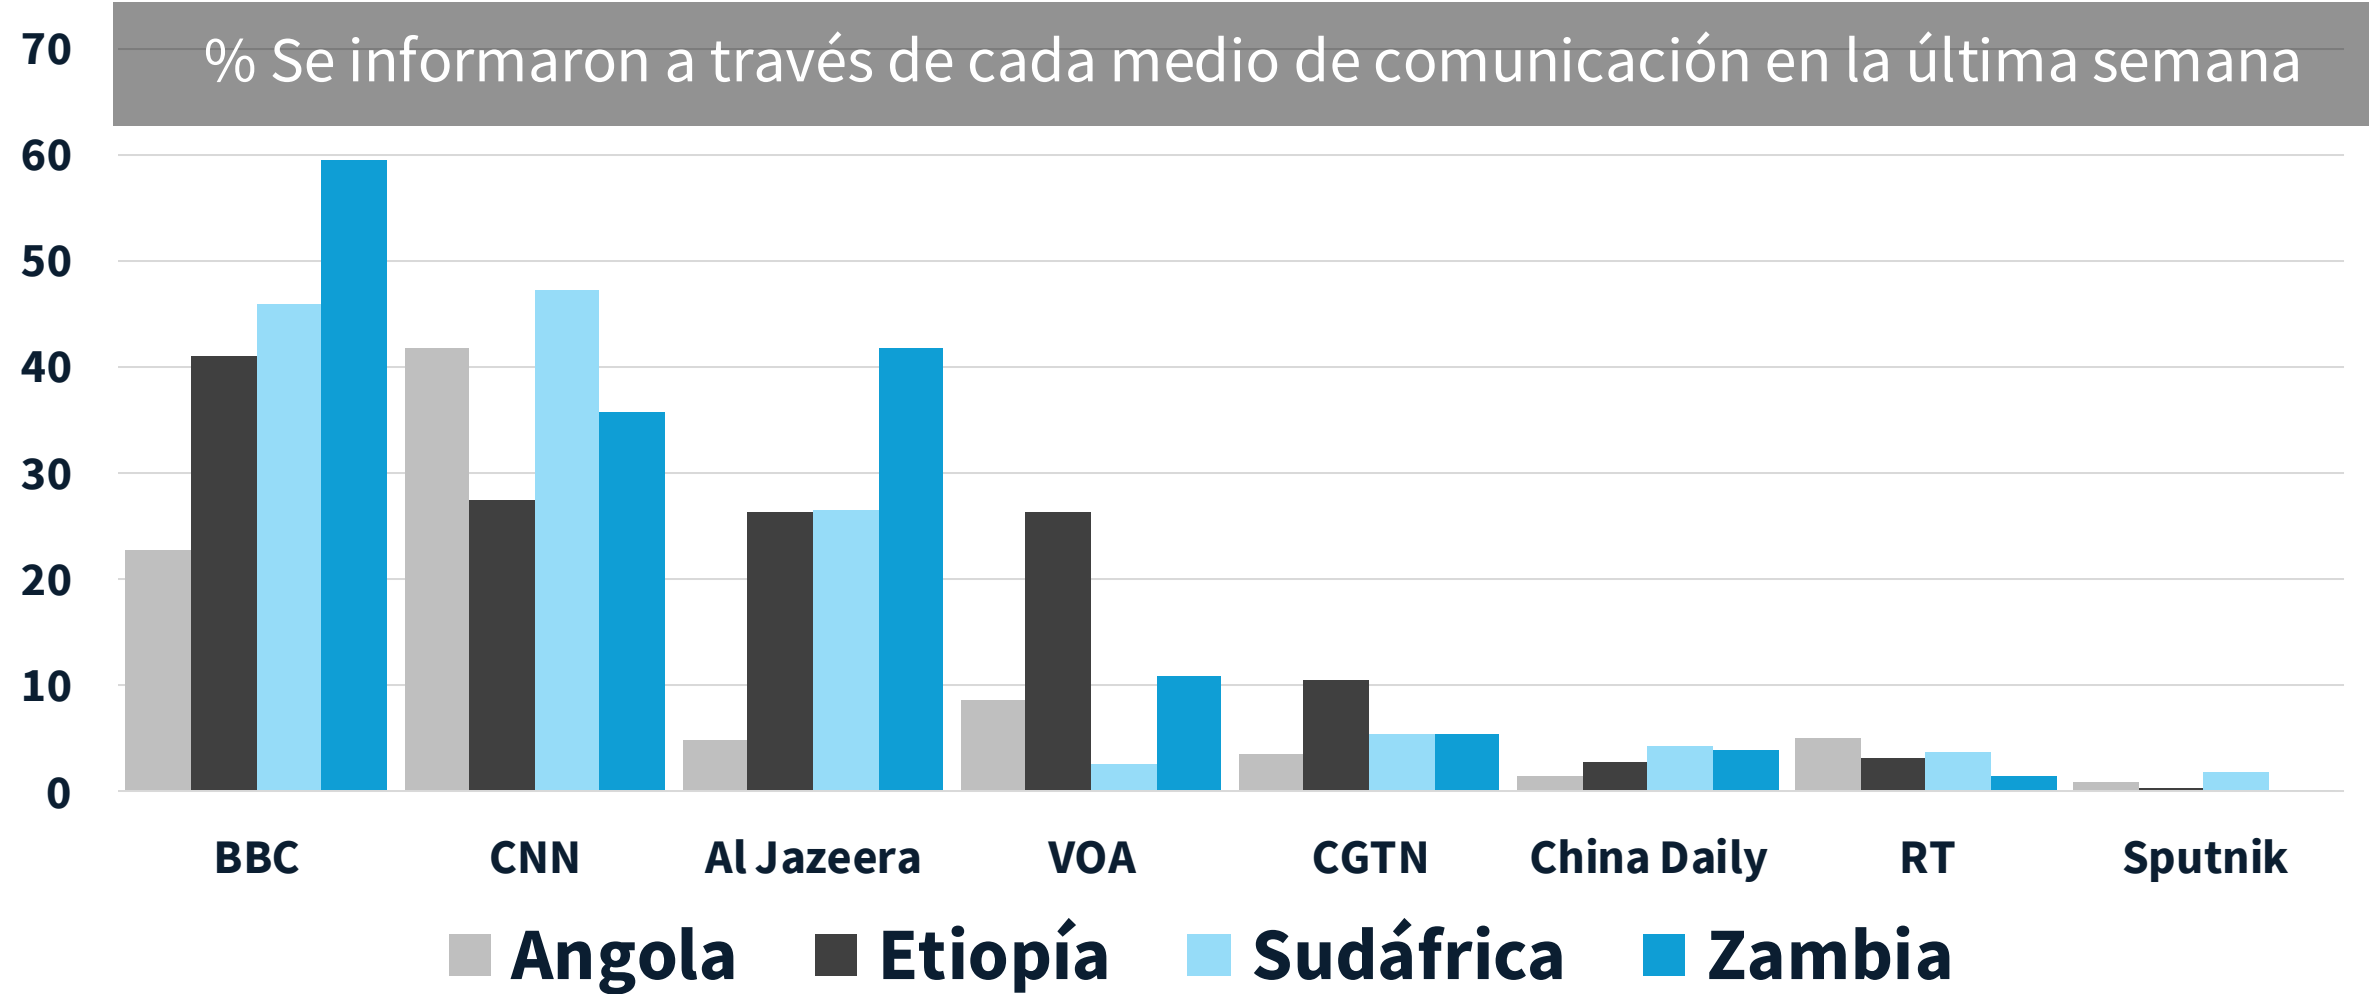

"This operation will continue, the next phase of this operation has now begun. There will now be an important moment during this special operation," he added.
